## Education

G H Raisoni College of Engineering | Nagpur, Maharashtra, India

December 2021 – June 2025

Bachelor of Technology in Information Technology

CGPA: 7.94

Relevant coursework: Web Development, OOP, DSA, DBMS, OS, CN, Cyber Security & Cryptography

## Work Experience

Bharat Intern | Remote

February 2024 – March 2024

Full Stack Developer Intern

- Created a robust money tracker web application using HTML, CSS, Node.js, and MongoDB, enabling efficient management of expenses and income, thereby fostering better financial control and organization.
- Developed and implemented a user registration form utilizing HTML, CSS, Node.js, and MongoDB, enabling seamless sign-up and storage of user information.

## Projects

KYCInsight

July 2024 – Current

**Tech Stack:** MERN Stack, Python, ML libraries, REST API, Digilocker API

- Implemented video KYC with liveness detection, improving fraud detection accuracy by 40%.
- Integrated Digilocker API for secure document verification, reducing manual verification efforts by 30%.
- Planned and designed a data pipeline for future implementation to seamlessly transfer verified customer data to companies.
- Utilized Python ML libraries to build the detection model, boosting KYC accuracy and reliability.
- Built with MERN Stack to ensure scalable and efficient full-stack development.

Warriors Champions League (WCL) Website Development

January 2024 – Current

**Tech Stack:** MERN Stack, Bootstrap, SASS, REST API

- Implemented dynamic and responsive frontend components, ensuring a streamlined user experience.
- Assisted with API integration, enhancing communication flow and improving processing efficiency.
- Utilized Bootstrap and Sass for responsive styling, resulting in a 30% improvement in user engagement.
- Designed intuitive user interfaces, fostering greater community participation and engagement.
- The website serves as a centralized platform for player registration and team management, significantly improving the user journey.

## Technical Skills

**Programming Languages:** C++, Java, JavaScript

**Front-end Technologies:** HTML, CSS, Tailwind CSS, Bootstrap, SAAS, React.js, Next.js, Redux

**Back-end Technologies:** Node.js, Express.js, Axios, REST API, MongoDB (NoSQL), PostgreSQL (SQL)

## Soft Skills and Languages

**Soft Skills:** Leadership, Problem Solving, Analytical Thinking, Effective Time Management

**Languages:** English (Fluent), Hindi (Native), Marathi (Native), Japanese (Beginner)

## Leadership & Extracurricular

- Vice President of the Student Forum within the IT Department.
